

# SIT723 Research Project A

## Pass Task 1.1: Project Agreement

### Overview of the task

In this task, you will create your personal (research) profile, and provide a signed agreement between yourself and your supervisor. The task is targeted at better understanding your aspirations, expectations from the unit, prior experience, and technical capabilities. This task will help your supervisors better understand your capabilities and align their expectations. This will also help you and your supervisors establish the research and time plans.

### Submission Details

Submit the following to OnTrack:

- A personal profile with the following information:
  - Name and Picture
  - Degree and Year level
  - Prior research experience and your role in the project
  - IT-related project experience and technical skills
  - Communication skills and project management skills
- Unit specific information:
  - Expectations from the unit (what do you intend to learn from this unit?)
  - SIT724 plan and motivation for (not) studying the second unit
    - Are you going to continue in SIT724?
    - What is your motivation for (not) undertaking SIT724?
    - In which trimester, will you study SIT724?
- Agreement document with the following information:
  - Your Name and Student ID
  - Project title
  - Brief description of the project
  - Name of the supervisor(s)
  - Target grade in SIT723 and description of agreement on the target grade (look up the assessment-rubric for better understanding of the expectations for each grade)
  - Completed table below
  - Signed document (either physically or electronically) by (i) yourself and (ii) the main supervisor(s) involved in the project. An email attachment (or similar) from the supervisor will not be accepted.
